Hear This New Wonderful Phonograph Produced by Piano Genius

What is a phonograph? Why do folks buy phonographs? Simply because the phonograph is the most modern means of enjoying the world's greatest music—a pleasure that every home needs. First came the pianothen the player piano. For over ball a century Gerhard Heintzman crafts-

men have been supplying this means of music to thousands of Canadian homes.

Now those same piano-craftsmen—

Now those same piano-craitsmen-men whose experience and study has centred on tone production—have produced a wonderful phonograph— the most modern, most nearly perfect phonograph yet produced.
